Business Training & Luncheon

Thank you for joining our training and luncheon focused on Business Accounts and Business Lending!

For our morning training session we welcome **Keith Gamel**, Managing Partner of Naman, Howell, Smith, & Lee, who will focus on different types of business entities including: sole proprietors, partnerships, and corporations. It will include the advantages of each and what paperwork is required for each entity. This session will be beneficial for front line staff responsible for opening accounts, or interacting with business members, as well as employees working in a business department. It will help increase your knowledge of the correct documents needed for business accounts.

For our luncheon we welcome a representative with the **Texas State Small Business Development Center** who works with existing and start-up businesses to help them grow. They provide assistance during every phase of the business cycle including: business plans, market research, marketing and advertising, amongst other areas. The SBDC is a completely FREE service funded by SBA.

For our afternoon training session we welcome **Debra Dimando**, Business Development Specialist with US Small Business Administration & BLC of Texas, CDC, who will be focusing on the different types of SBA loans available for business members. This will include 7(a), Patriot Express, and Express Loans.
